Land and Agriculture

The land of the parish is 165,760 acres with some wooded lowlands and coast marshes.

Game and fish abound in all the streams and swamplands.

The only place to find or grow Perique tobacco on a thousand-acre tract along the Mississippi River.

Did You Know?

Pierre Chanet, an Acadian exile nicknamed, "Perique" was given by the Creoles of this section, was the first to successfully produce and market this type of tobacco.
